

# World-class Solutions, for every Brand

Shriram Veritech is a globally renowned leader that has been empowering brands for the last 30+ years. Veritech offers a full range of advanced solutions to combat counterfeiting & tampering, optimize packaging & labelling, while strengthening enterprise and consumer engagement through digital solutions.

The revolutionary solution by Veritech integrates Nano-Optics into Optically Variable Devices (OVDs). Their state-of-the-art technology ensures ultra-secure OVDs with intricate details, stunning visual effects, and unparalleled security features, utilizing one of the world's most advanced OVD origination systems.

## THE **SMART** WAY TO AUTHENTICATE

Under the Veritech+ umbrella, we offer tailored digital solutions on a turnkey basis, addressing both enterprise and consumer engagement needs from origin to consumption.
